Hello!

Thank you very much for investing in the “Ventriloquism 101 with Lee Cornell: Insider Secrets to Becoming a Ventriloquist in as little as 30 Days” course in an all digital format you can download.

You’ll need Windows Media Player, the free download of the VLC Media Player, or some other media player that will play mp4 video and mp3 audio files, and Adobe pdf reader (a free download) to watch, hear and read the files.

NOTE: ALL OF THE FILES ARE ©COPYRIGHTED. PLEASE DO NOT COPY, GIVE TO OTHER PEOPLE, POST ON YOUTUBE, ETC.

You have made a very wise investment. This course is guaranteed to teach you to become a ventriloquist in as short of an amount of time as possible. Plus, you’ll have a LOT of fun while you learn.

Please note that if you paid for your course with a Visa or MasterCard, that your billing statement will show a charge from “LC Video Productions.”

Please also find enclosed your additional materials and bonuses: the Quick Start audio mp3 (listen to this first), the Ventriloquism Revealed book pdf, the Secrets to Destroying Stage Fright Forever audio mp3, the Paul Har-tunian publicity video mp4 file, the (2) video pdf critique certificates, the Mega Marketing pdf eBook, the Working for a Laugh pdf eBook and the Pride & Joy wallet photo.

The Pride and Joy wallet photo is a classic. I keep the photo in my puppets pocket and at some point in the show he asks if I want to see a picture of his “pride and joy.” It always gets a laugh!

The only item not included in this digital course is the Peepers finger puppet. You’ll have to find an inexpensive puppet to use to start with.

Please be sure to use the video critique certificates as you progress through the course. Send me a DVD, mp4 video or post a video to YouTube and email the line of you practicing or performing, and I’ll give you some feedback that will help you become a better ventriloquist. Also, I am here to help you. Please email me with any questions you have as you practice.

Please keep me posted on your ventriloquism learning progress! And remember—practice, practice, practice!

Best regards and thank you again.
